

“Data Steward” Certificate Program at the Vienna University Library Online Information Event

April 18, 2024

Agenda

- Data Stewards: Role, Tasks, Competences
- “Data Steward” Certificate Program
 - Basics
 - Target Groups and Admission Requirements
 - Modules and Content
 - Course Dates
- Q & A

Who are Data Stewards and why do research institutions need them?

Data Stewards: Role

Data Stewards: Role

Networking and collaborating (inter)nationally

Providing advice and support to researchers

Designing and delivering training

Data Stewards:
Task Areas

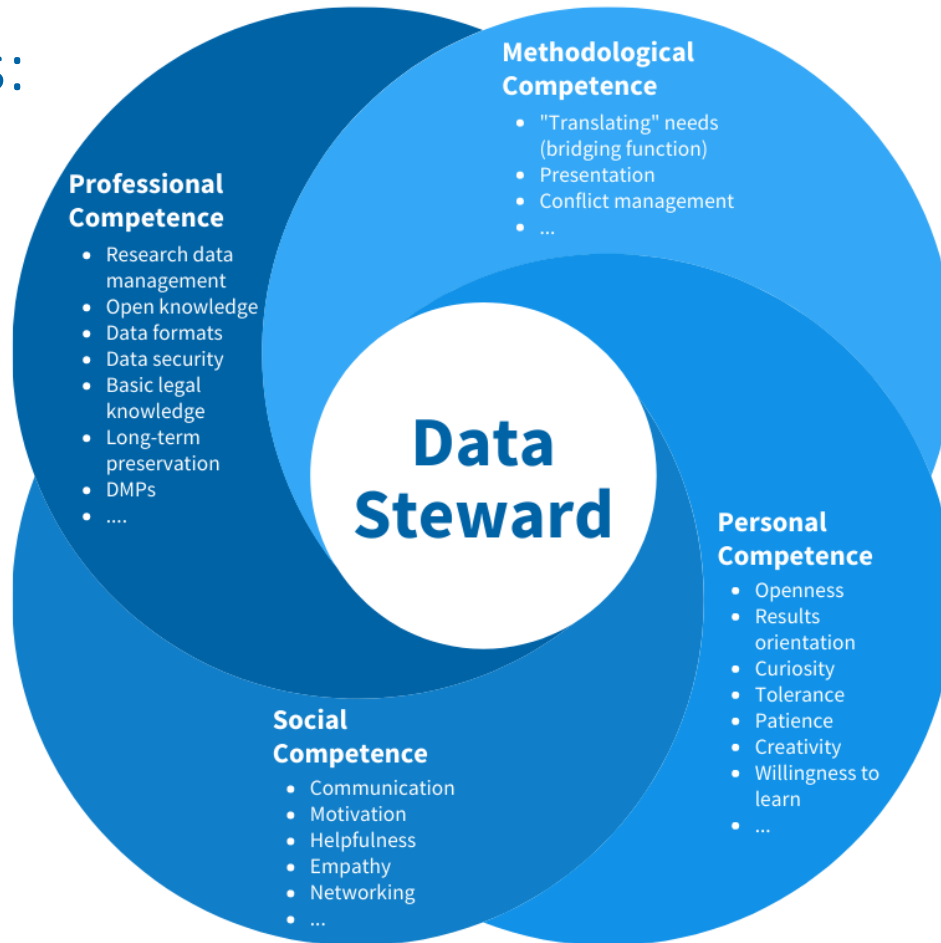

Conducting needs-assessments and requirements engineering

Bridging the gap between researchers and support staff

Data Stewards: Competences

Data Steward Certificate Program

Competence
Acquisition

Peer-to-Peer Learning

Community

Data Steward Certificate Program : The Basics

- Part-time further education program based on the certificate course “[Data Librarian](#)”, on the results of the [FAIR Data Austria project](#) and similar courses (such as [DataTrain](#) or [Zertifikatskurs FDM](#) in Germany)
- **Academic degree:** Certificate of the University of Vienna
- **Language:** English
- **Duration and scope:** 2 semesters/15 ECTS credits
- **Target groups:** Researchers and research support staff
- **Costs:** 2950 €

GOAL: To upskill existing staff and prepare new hires for the challenging role of data stewards

Academic Director:
Prof. Claudia Plant

Target Groups and Admission Requirements

- **Target Groups**

- Researchers, PhD students
- Research support staff (such as library, IT ...)

- **Admission Requirements**

- University entrance qualification examination or a completed apprenticeship + several years of relevant work experience
- OR a completed Master's degree / diploma degree program + English language skills (min. B2)

In English
or
German

Application:

- Application form
- Motivation letter
- Resume
- School/University certificates and diplomas
- Optional: Recommendation letter from employer

Data Steward

Your registration in three steps

- 1 Fill out the form below and upload your documents.
- 2 Check your details in the second step and confirm the sending of your application for admission with "Next".
- 3 You will receive a confirmation email within a few minutes (if not, please check your spam folder or contact our program management).

Modules

- **Module 1 (2 ECTS) in Vienna:** Basics of Research Data Management and Open Science
- **Module 2 (3 ECTS) online:** Basics of IT und Data Science
- **Module 3 (6 ECTS) online:** FAIR Research Data in the Life Cycle
- **Module 4 (2 ECTS) online:** Research Data Management Support
- **Module 5 (2 ECTS) online:** Data Stewardship in Practice: Project Work

Teaching

Researchers and
RDM support staff

(Inter)national
perspectives: Austria,
Spain, The Netherlands,
Belgium and Germany

Hands-on workshops and
self-study phases

Practical (elective)
assignments

Module 1: Basics of Research Data Management and Open Science

Introduction to:

- Research data management
- Good scientific practice and research integrity
- Open Science
- Cost estimation and financing models
- Legal and ethical aspects
- Role and tasks of data stewards at research institutions

Module 2: Basics of IT and Data Science

Introduction to:

- Data science and data-driven research
- Machine learning
- Database systems

Basics of programming (based on the [Carpentries](#) curriculum):

- Unix Shell
- Git and GitHub
- Working with Python

Module 3: FAIR Research Data in the Life Cycle

Research data life cycle:

- Project management and funding landscape
- Data management plans (DMPs)
- Data organization and curation
- Metadata and research data documentation
- Data visualization
- Data security and storage
- Repository management and long-term preservation
- Interoperability and data migration
- Data reuse (incl. legal requirements)

Module 3: FAIR Research Data in the Life Cycle/2

Discipline-specific approaches to data stewardship in the:

- Natural and life sciences
- Humanities
- Social sciences
- Technical sciences

Module 4: Research Data Management Support

- Developing research data management support services
- Designing and delivering training
- Conducting needs-assessments and requirements engineering

Module 5: Data Stewardship in Practice: Project Work

Individual or group project applying the acquired skills and knowledge to data stewardship practice, such as:

- Advising strategy
- Training course
- Educast (educational video)
- Needs-assessment for a specific target group
- Board game
- Research data management policy
- ...

Course Dates

Module 1: In Vienna

- 4-8 lessons per day
- 1 lesson = 45 minutes
- Start: Monday 10 am
- End: Friday 12.30 pm

Modules 2-4: Online

- 6-8 lessons per day
- 1 lesson = 45 minutes

Attendance is mandatory
80 % per module!

Date	Module	Location
14.-18.10.2024	Module 1: Basics of Research Data Management and Open Science	in Vienna
14.-15.11.2024 12.-13.12.2024	Module 2: Basics of IT and Data Science	online
16.-17.01.2025 13.-14.02.2025 13.-14.03.2025 10.-11.04.2025	Module 3: FAIR Research Data in the Life Cycle	online
15.-16.05.2025	Module 4: Research Data Management Support	online
May-July 2025	Module 5: Data Stewardship in Practice: Project Work	online

The First Two Years ...

First Round 10/2022-09/2023

- 25 participants from 10 countries
- **Research disciplines:** Arts and humanities, social science, natural and life sciences, computer science ...
- **Current positions:** Librarians, data stewards, researchers ...

“I was very impressed by the quality of the instructors, the organization and the material presented.”

Second Round 10/2023-09/2024

- 26 participants from 12 countries
- **Research disciplines:** Arts and humanities, social science, natural and life sciences, law ...
- **Current positions:** Librarians, data stewards, researchers ...

“All of the presenters were well prepared and at the top of their respective field.”

Want to become a
research data steward?
Apply by June 30, 2024!
